

Calculator.java test-pro/pom.xml × CalculatorTest.java

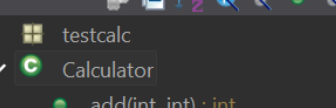

Outline × Task List

Overview Dependencies Dependency Hierarchy Effective POM pom.xml

100

```
Calculator.java × test-pro/pom.xml CalculatorTest.java
1 package testcalc;
2
3 public class Calculator {
4     public int add(int a, int b) {
5         return a + b;
6     }
7 }
8 }
```

The screenshot shows a Windows taskbar at the top with the Start button and several application icons. The Visual Studio Code application is open and active, showing a file explorer on the left side. The file explorer displays a tree view with two items: 'testcalc' and 'Calculator'. The 'Calculator' item is expanded, revealing a file named 'add(int, int) : int'.
